

## BARGAINING REPORT # 2

### Bell Canada - Communication

### Sales Employees

Sisters and Brothers,

This week your bargaining committee met with the Company and presented our list of demands as planned. Your local website has been updated with this information.

Representing the Company are Mary Incognito, Lucie David, Rosetta Pilozzi and Mike Faddoul.

Opening remarks were made by John O'Dell on behalf of Unifor members while the Company's opening remarks were made by Mary Incognito of Industrial Relations.

After the opening remarks and the presentation of our demands, the parameters for negotiations were set out and agreed to by both parties.

There were some questions of clarification in order to review and understand the list of demands and develop timeframes for negotiations.

We began negotiations on November 13, 2013 with non-monetary topics.

Negotiations will continue next week and we will continue to send updates to your local.

In solidarity,
